

**“ Welcome to WestGate IT Hub Pvt Ltd! ”**

We are excited to share the news that in the month of October, we are now ready to engage with the suppliers in India.

### We received

**133**  
projects

Worth  
**£11,808,2803 GBP**

From the UK public sector IT Market,  
through the CPV Codes (expertise) selection process.

Our mission is to bridge the gap between the UK and Indian IT markets, by providing Indian IT companies with access to UK public sector IT projects. We promote the UK business opportunities for association to interested and eligible IT businesses in India, and help them get the UK IT public sector projects from the process of bidding to submitting the project.

**We will keep you updated on the latest news,  
projects and opportunities from the  
UK public sector IT space.**

**Thank You!**
